

Consultation Process

How Customers Can Reach Hytoma

Customers can contact Hytoma Automation LLP through phone calls, WhatsApp, Instagram, website inquiries, and other communication channels.

Free Consultation

Hytoma provides free consultation services to help customers choose suitable smart home solutions based on their requirements.

Site Visit and Requirement Analysis

A site visit is conducted whenever required to understand customer needs and recommend the best products and automation solutions.

Product Recommendations and Quotations

After the site visit, Hytoma provides suitable product recommendations, explains product features, and shares quotations with customers.

Order Confirmation Process

Once the customer confirms the order, a token amount is collected and the installation date is finalized in consultation with the customer.

Installation Timeline

Depending on the project requirements, installations may be completed on the same day or within one week.

Product Demonstration and Training

After installation, Hytoma provides product demonstrations and customer training to ensure users can operate their smart home systems comfortably.

Customer Commitment

Hytoma is committed to providing a smooth and professional experience from consultation to installation and long-term support.
